Regarding: Spokane Cash Register now Direct POS

Our business opened in the summer of 2008. I have had other businesses prior to opening Timber Creek Grill Buffet. I have used Spokane Cash Register for several years and have used Micros over this time period with different versions.

I have always found Sally in sales, David and Gary in service to be excellent. If I have a question or need service they have always been there for me.

I would highly recommend them for whatever system you may be considering. Any questions please feel free to call.

Sincerely,

Brent Klinke
