

# Sell anywhere with CPMobile

**Get out** from behind the counter, connect with customers and sell anywhere with CPMobile.

The art of Retail hasn't changed much during the course of mankind. Get inventory, find customers, trade inventory.

Today's customers want convenience, personal interaction and expertise.

## Why Choose Radiant?

As a leader in the retail industry, we have the experience and knowledge to provide a complete end-to-end solution not found with any other provider. Our solutions are carefully chosen and developed specifically to suit your retail business and work together seamlessly. We commit to providing you with solutions that add more value than disruption to your business.

## **RUN** Your Business

...in new and efficient ways with a simple, intuitive device that puts the power of the POS in your hands. CPMobile also provides direct integration with CounterPoint's customer file, inventory and reporting.

- Point-of-Sale Integration
- Secure POS payments
- Mobile POS for line busting, mobile sales or returns
- Flexible subscription pricing to meet seasonal needs
- Share mobile devices across stores
- Free Item Lookup feature

## **CONNECT** with Customers

...by engaging them in a convenient and personalized way. Elevate the shopping experience by providing your customers with an agile point-of-sale solution that redefines the 'point' or place of the sale. Turn your cashiers into sales consultants, and take the transaction to the customer.

- Provide exceptional customer service
- Personalized customer sales experience
- Multiple email or print receipt options
- Helps build customer database for future email marketing

## **SELL** Anywhere

...and imagine being able to break away from the counter. Sell your products anywhere; around your store, out on the streets, at an event, or anywhere your customers are. This is freedom in the palm of your hand. Freedom powered by CPMobile.

- Connectivity flexibility (Wi-Fi and/or Phone data network)
- POS integration for immediate sales and inventory updates
- Secure, fast payment processing
- Mobile receipt printing option or e-mail
- High-quality hardware for quick barcode scanning and credit card swipe
