RE: Letter Of Recommendation for Andy Miller

It is with Great Pleasure that I recommend Andy Miller with RVP. I have had Andy's assistance for several years now and have found him to be an exceptional individual. I originally started out with a very old program and was reluctant to switch. I finally switched and could not be happier!

Andy Miller always has demonstrated a high degree of integrity in all his endeavors. He has an endless supply of ambition and is always willing to take on great responsibilities to see his projects here at the store through to their prospective ends. I found him to be a well organized and efficient individual and is very pleasant to be around.

Andy is the first technician from RVP that I really felt was helpful and talked in a "language" we could understand (instead of all the computer talk) He has been nothing but helpful and if it wasn't for Andy with your company I don't think I would be half as satisfied.

With the training, he was very well worded and everything went so fast and so simple. Since we upgraded to our new POS System our business has been a lot easier to keep track of and a lot more user friendly. We cannot wait to continue doing business with your company.

Thank you RVP and Andy Miller for the wonderful experience.

Sincerely,

Melody Maruska
